- **MESQUITE FLOUR** — Another great gluten-free choice. There is a new flour called mesquite flour, made from the ground up pods of the mesquite tree or bush. A new company, Ruby Range, offers the flour, a basic flour mix, and mixes for cookies, cakes, cupcakes, truffles, and pancakes. The flour has a good fiber content, a low glycemic level, and a good protein content. For more information, go to [www.therubyrange.com](http://www.therubyrange.com).

- **GLUTENFREEFORME.COM** — This site offers a wide selection of wheat free/gluten free pastas, and mixes, and breads. They are dedicated to serving you the most delicious tasting, wheat-free, gluten-free, foods with reasonable prices and fast delivery. [www.glutenfreeforme.com](http://www.glutenfreeforme.com)

- **BREYERS YOCCRUNCH YOGURT** — The yogurt portion of all YoCrunch is gluten free. The two toppings that are gluten free are the Mini M&M's and

Mini Reese Pieces. Also, the yogurt portion is nut free and there is no cross contamination of nuts in the yogurt portion. Each of their toppings has separate allergen statements, some of which do cite nuts as an ingredient or cross contamination possibility. So please check the nutritional information for the specific flavor in question. [www.yocrunch.com](http://www.yocrunch.com) *ListServ, Kelly A.*
